Hepatitis Free Northern New England (Hep Free NNE)

11am-12pm | [ZOOM](#) Meeting ID: 848 8401 1135 | Passcode: 972630

Mission: To guide and oversee a viral hepatitis elimination strategic planning process that engages a diverse group of partners across Northern New England (Maine, New Hampshire, and Vermont), with a focus on prioritizing and amplifying the voices of individuals disproportionately affected by viral hepatitis and the organizations that serve them.

Vision: A clear framework for how Northern New England will be a place where new hepatitis B and C infections are prevented, every person knows their status, and every person with viral hepatitis has high-quality health care and treatment free from stigma and discrimination.
