

Pillars & Goal Statements

TRUSTED PARTNERS

GOAL

Harm reduction services have the capacity to support viral hepatitis elimination efforts and strategies are informed by the leadership of people who use drugs.

WELCOMING SERVICES & SPACES

GOAL

Stigma is not a barrier to testing, treatment, or care.

CAPACITY TO CARE

GOAL

Cross-cultural and well-trained care teams and payors are connected and have the capacity to service all people engaged with the cascade of care.

EQUITY & AUTONOMY

GOAL

All people have access to the resources they need to build resilience and determine their own viral hepatitis care.

ATTAINABILITY & SUSTAINABILITY

GOAL

Policies and programs are informed by comprehensive data systems and sustained by a well-resourced public health infrastructure.
