

IHP Workgroup Status Report

Treat Goal: Treat people with HIV rapidly and effectively to reach sustained viral suppression.

In Attendance: redacted

Meeting Date: May 2, 2024

Submitted By: Community Chair, State Chair

Objective	Data Updates	Successes	Problems	Next Steps
<p>In five years, increase the number of healthcare systems prescribing rapid ART by two.</p>	<p>-How many Health Care Systems are currently prescribing? -Apple door Infectious Disease (owned by HCA Hospital of America), Wentworth Douglas (but not a contracted provider and it is believed you need to have a primary care within their system to receive an appointment).</p>	<p>-DH Involvement</p>	<p>-The number of providers throughout the state. -Medicaid Rates -Hospitals need to contract with the program -Language that is in contract. UPDATE: Contract is being updated and should be rolled out in June/July.</p>	<p>-Look at current numbers that are associated with the objective. Data request is outlined under data updates.</p>
<p>Increase PLWH who are in care by 5% in five years.</p> <p>Consider breaking this into 2 groups: 1)Increase PLWH who have a doctor but are not engaged in care within one year. 2)Increase PLWH who are in care by 5% in five years.</p>	<p>-What are the current numbers and what would a 5% increase look like for both buckets (not engaged in care and patients in care)</p>	<p>-DH Involvement</p>	<p>-Some people are not ready to accept their diagnosis. -Some people don't have access to care.</p>	<p>-Look at current numbers that are associated with the objective. Data request is outlined under data updates.</p>

IHP Workgroup Status Report

Treat Goal: Treat people with HIV rapidly and effectively to reach sustained viral suppression.

In five years, increase contracts and/or partnerships with wraparound service providers (dental, mental health, transportation) in NH underserved communities by 5%.	-Contracts need to run for 2 years before they need to be renewed (might be 3 years).		-Access to Care with wraparound service providers (dental, mental health, transportation). -Contract wording is governed at the Federal level and the state is not able to make changes to language.	- list out services that are available and have contracts with the state
